This quote is valid for 15 days from the date of issuance.

Delivery Lead Time:

Software implementation would require a lead time of 2-3 business days upon receipt of cleared payment.

Software Subscription:

1. **Support Hours:** Technical support is available during DigiSME business hours, Monday-Saturday from 9:00 AM to 6:00 PM IST.
2. **Support Channels:** Support is offered through phone, tickets and online technical support.
3. **Subscription Inclusions:** The subscription includes software updates, hosting services, and access to technical support.

Implementation Options:

DigiSME offers two implementation options: Free and Paid.

Free Implementation:

1. Customers will receive access to standard training materials and participate in generic training sessions.
2. Customers are responsible for configuration based on the training materials.
3. Customers can attend training sessions multiple times for clarification.

Paid On-line Implementation:

1. Customers will provide necessary process documentation (SOPs, policies, workflows) and employee data in a specified format.
2. DigiSME will develop HR blueprints based on discussions with the customer.
3. Customers will have the opportunity to validate and approve blueprints before configuration.
4. Once approved, DigiSME will configure the application, perform basic customization, create user/admin manuals, and train super admins and core implementation teams.
5. Any changes outside the agreed-upon blueprint will be considered a new scope and billed separately based on additional man-hours.
6. Access to modules will be granted upon completion of each stage. Changes requested at this point will be considered rework and may incur additional charges based on man-hours.
7. Training will be provided for super admins and core implementation teams who will then train end-users. Online training sessions will be offered within the allocated man-hours.
